

Our offer, your future.

Delta Engineering is the European market leader in factory automation for the blow moulding industry. Started as a two-man business in 1992, today the company is working with more than 100 qualified and dedicated employees.

Together we develop a wide range of innovative and efficient quality machines in close cooperation with our customers. In this way we guarantee a stable position on the market and a promising future for our company and our employees. To guarantee our further development, we are looking for a (m/v)

Mechanical Design Engineer

Your devotion

- You are responsible for the design of machines for new projects and the update of existing machines.
- You are responsible for the whole project, from design to concept to first production run.
- You are responsible for the mechanical design of the machines and therefore you keep in close contact with an automaton specialist.

Your talents

- You have a bachelor or master degree.
- You have at least 3 years experience in a similar domain.
- You are a creative designer with a strong interest in engineering.
- Experience with 3D solidworks is an advantage.
- You maintain a high standard regarding you projects with an eye for detail but also with respect for deadlines.
- You have a basic knowledge of other techniques such as electricity and automatization.
- You have a positive mind and you are able to work independently as well as in a team.
- knowledge of different languages is an advantage.

Our offer

- We promise you a challenging job in a healthy and growing company with a clear defined mission.
- The possibility to work together with an enthusiastic team, to work in a famous company recognized as a domain leader, with a clear vision of the future.
- To continuously improve your education, knowledge and experience.
- A financial compensation, proportional with your experience and contribution.
- We offer you a health insurance, hospitalisation insurance and meal tickets.

Your future?

Then we would like to receive your application together with your CV! You can send your application by email to hr@delta-engineering.be or by postal service to the attention of Mrs. Isabelle Van Gijseghem.
